Dear Mr. Gabrielson:

It is my understanding that the Select Committee on Assassinations plans to take the deposition of David Slawson, former Warren Commission staff member, and to interview William Coleman, also a Warren Commission staff member, and that during the deposition and the interview the Committee wishes to show Slawson and Coleman copies of CIA-classified Warren Commission records that Slawson and/or Coleman saw during their work with the Commission. It is my further understanding that the CIA has xerox copies from the National Archives of the records that the Committee seeks to use and that the CIA will deliver the copies to the Committee under appropriate national security safeguards at the time of the deposition and interview.

The National Archives and Records Service has no objection to allowing Slawson and Coleman to examine these records in accordance with the conditions outlined above.

Sincerely,

James E. O'Neill
